

We are Looking for Interns!

Summer Internship runs May 25 - August 7, 2020

Long-term Internship runs August 17, 2020 - May 14, 2021

The Sisters of St. Mary invite college students and recent college graduates who want to further their spiritual and personal growth by living alongside the Community in our **Organic Prayer Program Internship**.

The interns engage in a life structured by Benedictine values which includes time for prayer, work, study, rest and exercise; and is rooted in an intentional community that seeks to live in harmony with the natural world and the greater Sewanee community.

They live out **S.O.I.L.** (*Sacramental, Organic, Intentional Living*), sharing the rhythm and routine of daily prayer, working in the convent and the garden, and representing the Community in the surrounding community as well as the world at large.

Interested?
